

## Black Day

Music by Christian Willisohn

Lyrics by Alexandra Mayer

Baby since you left me  
My poor head is spinning round  
Baby since you left me  
My little head is spinnin' round  
I know I've been a loser, Baby  
But in love there ain't no bound.

I know our life's been a hard one  
But haven't I been good to you?  
I know our life's been a hard one  
But haven't I been good to you?  
Anything I've been accused for  
Was just meant for me and you.

I've always tried to be a strong guy  
And be the good dad you never had.  
Yes, I have tried to be a strong guy  
And be the daddy you never had.  
Care for our little family  
But our dream turned out so bad.

When you left me on that black day  
You took my son and wrecked my soul  
Yes, when you left me on that black day  
You took my son and wrecked my soul.  
I can't go on without you  
I feel I'm gonna lose control.
