

## Blues On The World

Music by Christian Willisohn

Lyrics by Alexandra Mayer

When I think about our world and how it's gonna be  
a strong feeling of blues is touching me.  
how can one man hate another for the color of his skin?  
how can people make a war begin?

look at all the children, dying every day  
how can we turn and look away?  
did all the soldiers, killed in war  
did they know what they've been fightin' for?

*I beg you Jesus  
would you please come down and show us a better way.  
teach us to give, help us to live  
In a world where we can stay, a world where we can stay.*

people kill themselves for reasons they don't know  
all the homeless have no place to go.  
how can creatures be teased, that don't have a chance to fight?  
will the blind man ever see the light?

*I beg you Jesus  
would you please come down and show us a better way.  
teach us to give, help us to live  
in a world where we can stay, forever and a day.*

come and help us Jesus, make the world a better place  
no more fightin' for religion, land and race.  
let all people love each other and live a live in peace  
Jesus give my heart relief.  
heal the world from its disease.  
Jesus give my heart relief.
