

## Heart Broken Man

Music by Christian Willisohn  
Lyrics by Alexandra Mayer

On the day that you left me  
I died with you  
I never believed that god  
could be so cruel  
they say you're in heaven  
and I know  
but I want you back home  
'cause I love you so

I feel your tears pouring  
every time it rains  
and I know with the sunshine  
you try to ease my pain  
when I've done something wrong  
you send me thunder and lightning  
but the fact you up there without me  
is so frightening

I dream of you at night  
I miss you in the day  
I'm a heartbroken man  
since you went away

my sweet little angel  
up there in the sky  
yes, I know you wouldn't like to  
see me cry  
so I will live my life  
with you in my heart  
from the time I'm in heaven  
we will never part
