

I wish I could be free

Music by Christian Willisohn
Lyrics by Alexandra Mayer

I wish I could be free
like a bird up in the sky.
I wish I could be free
like a bird up in the sky.
but the freedom I dream of
's cut by taxes, raped by fines.

I wish I could be happy
like a little baby child.
I wish I could be happy
like a little baby child.
but the happiness I dream of
's spoiled by hate, destroyed by fights.

I just want to live a good life
without sorrow, without pain.
I just want to live a good life
without sorrow, without pain.
but you have to be a crook, baby
or you're left out in the rain.

I'm gonna hold on to my dreams, baby
some day I know they'll all come true.
I'm gonna hold on to my dreams, baby
some day I know they'll all come true.
but there'll be no happy ending
until I'm free and loving you.
